

# Me & My Tail!

A true story

Meredith K. & Co.

one day i was watching  
a movie...  
...when suddenly my  
tail came to life!

it was pretty overwhelming  
at first...

but it was just eager  
to get to know me!

it's a lot more  
brazen and loud  
than me

(but it's got a  
sensitive side, too)

Sometimes we hurt  
each others feelings,  
but we always work  
it out.

i snuggle with  
it when  
i feel  
blue

even  
when  
its too  
tired to  
be awake

it makes me feel safe

Some say they'd  
never want their tail  
to come to life  
but we're a lot  
happier together than  
i was alone

i love you,  
tail!
